ESLRs Our "End Goals"

- A CRICS student will be a lifelong learner
- A CRICS student will be an effective communicator
- A CRICS student will be a critical thinker
- A CRICS student will use technology tools responsibly and effectively
- A CRICS student will develop moral character and will demonstrate Christ's love
- A CRICS student will be a globally competent individual
- A CRICS student will strive to excel at athletic competition as well as creative, artistic expression

MAP Testing Results

Our new testing system shows that our average student is **ahead** of the average student in the US.

We have a new testing program that gives timely feedback to parents three times per year.

Total CRICS Weekly Work Hours 2,830

Hours for Full and Part-time Volunteer Teachers and Aides

1,460

Hours for Thai Staff	Hours for Parents
1,000	370

Academic Success Program (ASP)

Each week the ASP supports student learning through small group and individual tutoring, and the after-school homework club.

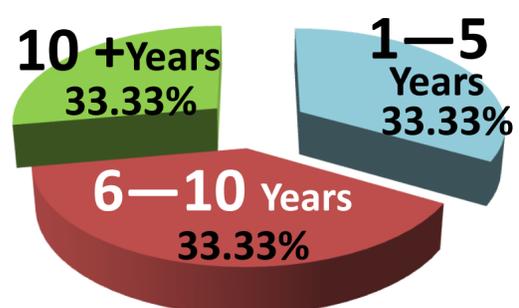

That's over **700** hours of support.

New Academic Extra Curricular Activities

- International Math Competition
- Attendance at National Astronomy Camp

CRICS volunteer teachers provide almost **100,000** baht per day to CRICS by raising their own support.

Staff Years Of Service

Good News!

- We have a new science curriculum for Grades 6-12!
- The math department has chosen new standards and will purchase new curriculum next school year!
- 5 teachers are now certified in the use of Google tools for education!
- Our community raised 300,000 baht to complete the new parking lot!
- The auditorium has updated its audio system!
- The family directory is now available behind protection at crics.asia!
- We are building a new website!
- After school homework lab (The Lounge) is open on Wed and Thursday each week!

Did you know our Thai language classes have a 5:1 teacher to student ratio ?
